World city with a heart

Choose our relexa hotel in the lively St. Paul's district for your short holiday break, city trip or business travel. From here you can easily discover the many facets of the vibrant Bavarian capital.

Munich is more than 850 years old and is booming like never before. The European

royal family Wittelsbach spared no effort or costs to make such a magnificent city with its imposing buildings. King Ludwig I was particularly zealous of creating the reputation that Munich is the „city of art and culture.“ The name of “City with Heart” originated from this idea.
